

Aliaxis partners with Solar Impulse Foundation to accelerate the development of sustainable water solutions and transition to clean energy

Brussels – May 15, 2024 – Aliaxis, a world leader in fluid management solutions that enable access to water and energy joins forces with the Solar Impulse Foundation, founded by the Swiss explorer and sustainability advocate, Bertrand Piccard, to promote and accelerate the deployment of efficient, cost-effective solutions to tackle current and future environmental challenges.

This strategic partnership marks a collaborative commitment between Aliaxis and the Solar Impulse Foundation to address crucial environmental issues such as water scarcity and the impacts of climate change. Aliaxis, with sustainable innovation at the core of its *Growth with Purpose* strategy and its expertise in water and clean energy, becomes Solar Impulse's reference expert for water access initiatives.

The partnership also marks the successful accreditation of Aliaxis' solutions by the Solar Impulse Foundation. This recognition underscores Aliaxis' commitment to sustainable innovation. By obtaining this label, Aliaxis confirms that its innovations adhere to industry-recognized sustainability standards and fulfill the high expectations of its clients.

Sophie Desormière, Chief Growth Officer at Aliaxis, expressed, *“Teaming up with the Solar Impulse Foundation marks a significant milestone for Aliaxis. This collaboration boosts our drive for groundbreaking advancements, paving the way for cutting-edge water management solutions. By merging our strengths with Solar Impulse, we aim to enhance our impact, blending diverse expertise to address the market's urgent needs while continuously delivering innovations that benefit our customers and drive progress.”*

Bertrand Piccard, founder of the Solar Impulse Foundation, stated, *“We are thrilled to welcome Aliaxis into our community. Tackling the complex water challenges requires a collective effort and Aliaxis, as a leader in global water solutions, will play a crucial role in advancing our mission. Their expertise and newly labeled solutions will significantly contribute to our portfolio of Water Efficient Solutions, setting new benchmarks in the industry.”*
